MESSAGE FROM THE DIRECTOR

The purpose of setting up of colleges of professional studies like RDSJ Law College, RDSJ PVT ITI and RDSJ College of Management in the remote area like this where rural population abounds, consists mainly in the fact that the bright and talented students hailing from such localities face enormous difficulties and problems to continue their further studies in the absence of proper study centres of their choice.

They are not so economically well-off that they could afford to go to distant locations to pursue their studies. Longstanding poverty of the area has been exacerbated by poor infrastructure and lack of educational facilities. We are now there to cater for the needs and requirement of such striving students. Their talent would no more be wasted and unutilized.

Their condition would be ameliorated by empowering them through education. RDSJ Law College is a B.C.I. approved associated college of Lucknow University which has recently started two courses, viz, 3yr. LL.B. Course after graduation degree in any discipline and 5yr. LL.B. Hon's Course after Intermediate or equivalent examination.
